

Great news – we're reopening for dine in on Monday 29th June!

At Vermilion Your Safety is our Priority.

We have designed our Covid-19 response plan to ensure the safety and well-being of our customers, staff and the wider community. When you visit us you can be sure we are following all of the safety measures laid down in the Government protocols and doing our very best to make sure we have a safe space for you to enjoy.

We'll be sticking to 2m distancing – we've added extra spacing to our already spacious restaurant to allow for a very comfortable and safe dining experience.

We strongly recommend booking as we can only have a small amount of people entering or leaving the restaurant at the same time. Even if you feel like a last minute spontaneous visit, just give us a call even 10/15 minutes in advance and we'll book you in. For the present, we can take bookings of up to 6 people at one table (or 8 if from the same household). Please help us by arriving on time for your booking.

We ask that where possible you wear a face covering when you are not seated at your table – on arrival and departure and when you are visiting the bathroom

Our fabulous, hard-working team have all taken part in back to work induction training for the hospitality industry and have been awarded certificates. The wellbeing of our customers and staff is always our top priority and you will notice that every precaution has been taken with this in mind - from lots of hand sanitising stations, daily temperature monitoring of all staff, frequent cleaning and open door policies. We have fully renovated our kitchen to allow extra spacing for the safety of our staff. Our staff know they can tell us if they feel unwell before or during work and we will always accommodate their needs.

We have increased our cleaning schedules and have heightened our disinfection practices in all areas with special attention to high touch points in line with recommendations from Government and NPHET. All table settings, chairs and menus will be sanitised between uses.

It's a bit of a learning curve so we ask for your patience in this phase of re-opening for what will be the 'new normal' for some time to come. If you see anything that you feel we're not doing right, please speak to the manager as we're always happy to receive constructive feedback.

We're dying to welcome you all back and doing what we love and do best - providing our customers with delicious food in friendly, relaxed and comfortable surroundings!

Hope to see you back soon!
