Pizza N' Bites Delivery Allergen Spreadsheet

Valid from: DEC 2024

Allergen Handbook

Key & Interpretating the Data

Allergen information found in the table below has been derived from specifications obtained from the suppliers of the products. We have taken all reasonable steps to ensure that this table is accurate at the time of publishing. The Pizza N' Bites website will be updated regularly should any changes occur.

Pizza N' Bites staff need to be informed of your allergy every time you dine with us even if you have eaten the dish before so that every precaution can be taken in our kitchen to prevent cross contamination.

'N' means that the allergen is not part of the product. However, there is a risk of unexpected cross contamination in our stores.

'Yes' in a column indicates that the product contains that allergen and is not suitable for you to consume if you suffer from this allergy.

C' means that those allergens are present at the manufacturing site or in the supply chain and the supplier believes there is a risk they may have cross contaminated the product.

The tree nut column indicates the presence of the following; almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts and their respective derivatives. 'H' Halal

Dish Name	Halal	Suitable for Vegetarian	Suitable for Vegans	Gluten type containing (Wheat / Rye/ Oats/Barley)	Cereals containing Gluten present above 20ppm	Soybean / Soya products present	Egg / egg products present	Milk / milk products present	Fish Products present	Crustacean Products present	Molluscs Products present	Sulphur dioxide present above 10ppm	Sesame products present	Celery Products present	Mustard products present	Lupin products present	Peanuts or their derivatives present	Tree nuts / nut derivatives present /Almonds/Hazelnuts
